WORK EXPERIENCE

STIHL. Incorporated | Virginia Beach, Virginia, USA — Jun 2022 - Present
Supply Chain Planner

- Manage 39 suppliers - 728 SKUs - and responsible for managing $97.13 million in requirements (2025)
- Maintain the delivery schedules to ensure the efficient delivery of inventory and cost objectives.
- Monitor and track inventory levels, recommend actions for excess and obsolete inventory: submitted scrap request ($22,000 in 2025), reduced safety time, broke down obsolete parts into components to avoid scrapping $8,000, sold excess stock to affiliate teams and other suppliers (saved $137,000 in 2025), requested to change MOQ and lot size of parts.
- Ensure the logistics audit process and supplier evaluation process are implemented properly (as a Logistics Audit Coordinator and Supplier Evaluation Coordinator).
- Responsible for Excess and Obsolete Reports (facilitated the change from HTML to EXCEL which resulted in an efficient editing process), AF Priority Report (applied macro to improve efficiency), Efficient Production Report, Lost Pallet Report, releasing ASN from STIHL Germany, etc.
- Implement cost effective actions: added suppliers to EDI, switched the manual delivery schedules to the auto delivery schedules, reviewed Work Function Protocol (Purchasing PO, Zhum_GR_Data, Logistics Audit, Planning Parameters and Planner Hand-off), adjusted safety time to prevent back orders, supported to file a claim with the carrier due to damage in transit, removed the consignment stock for a supplier having high turnover parts to reduce administrative tasks, reduced AF costs (checked lights daily 20 days out, reviewed delivery schedules weekly to discover any issues and pulled in SF before it was too late for AF, updated the ASN 3 times a week to catch up vessel delays or vessel bump, hot listed the containers).
- Participate in testing the new system S4/HANA for Logistic Audit Process.
- Provide best practice trainings: Scrap Request, Logistics Audit Process, Planning Parameters, Excel, etc.
